### GARAGE-TURNED- MAN CAVE

Wood enjoys “exploring the sublime” even in a typically mundane space, incorporating “lots of natural wood, art, Hermès leather, lacquer, and a red Ferrari.”

**All Revved Up** The red, white, and blue lacquered chaises were designed by Inson Dubois Wood and fabricated by ResInno, which also custom-made the legs on the Faust Harrison piano. The tufted sofa is from Promemoria. The chandelier is by Lindsey Adelman; the polished nickel fire screen and occasional table are by John Lyle. A work by Chau-Giang Thi Nguyen rests on a mantel from Chesney's. The Ferrari is from Ferrari Maserati of Long Island. See Resources.

### SURF SHACK

“I wanted to capture that sense of euphoria and relaxation after a long summer day at the beach by creating a great hangout,” says Bolognino. “But it’s an outdoor space, so everything had to be waterproof and be able to stay put in case of stormy weather!”

**Hang Ten** Elizabeth Bolognino's pergola-framed surf shack includes furniture and pillows from Dedar and Serena & Lily. The rug is from Dash & Albert. See Resources.
